## Background

The EU4Environment Resource Efficient and Cleaner Production (RECP) component aims to:

- ✓ Deliver RECP capacity building and demonstration programs to professionals and entrepreneurs, and technical assistance to industries in the adoption of RECP measures, promoting a transition to Circular Economy.
- ✓ Promote RECP implementation and scaling up among SMEs by extending the national capacity on RECP among experts and RECP demonstration audits in selected manufacturing enterprises.
- ✓ Promote RECP and Circular Economy policies and practice based on best international and national practices.

The project will improve knowledge, awareness and communication with beneficiaries, and will serve to transfer benefits of RECP through: 1) resource productivity and environmental performance of small and medium companies, 2) improved quality of products and services, 3) creating additional economic and environmental benefits, strengthened health and safety conditions for business.

## Meeting objectives, expected outputs and outcomes

The aim of the meeting is to present the main objectives and goals of the RECP activities under the EU4Environment Action, demonstrate potential use and application of RECP practices based on food/agriculture (included fish farming), construction materials and chemical (including plastic) industries experiences, and receive recommendations on partnership possibilities with other stakeholder organizations.

The meeting focuses on:

- promoting resource efficiency and cleaner production benefits for society and business sector
- raising awareness about the “Circular Economy and New Growth Opportunities” component of the “EU4Environment” Action in Armenia
- discussing the achievements and plans of implementing RECP activities in Armenia since 2020
- exploring new opportunities related to RECP as a stepping stone for Circular Economy introduction in Armenia

## Participants

The meeting will gather 60 participants from the government, business sector, local authorities, civil society, and other key institutional stakeholders. It will be attended by the Ministries of Environment, Economy, the EU Delegation in Armenia, the national and international partners of the EU4Environment Action, including National Focal Points from the Government, UNIDO, the National Action Coordinator and representatives of other profile organizations and programmes in the country.

## Practical Information

The meeting will be conducted on 30 April 2021, at Ani Grand Hotel, located at 65 Hanrapetutyan St, Yerevan 0010. The meeting will be organized in a hybrid format which will allow participants to join online (using the Zoom platform). Simultaneous interpretation in Armenian and English will be provided during the meeting.

## Online Zoom Platform Registration

The connection details for Zoom will be provided to the registered participants prior to the meeting.

## Organizer

The National Implementing Partner of UNIDO - Regional Environmental Center for Caucasus, Armenia Office.

## About EU4Environment

The “European Union for Environment” (**EU4Environment**) aims to help the six partner countries: Armenia, Azerbaijan, Belarus, Georgia, Republic of Moldova, Ukraine preserve their natural capital and increase people's environmental well-being, by supporting environment-related action, demonstrating and unlocking opportunities for greener growth, and setting mechanisms to better manage environmental risks and impacts.

The Action is funded by the European Union and implemented by five Partner organisations: OECD, UNECE, UNEP, UNIDO and the World Bank based on a budget of some EUR 20 million. The Action implementation period is 2019-2022.

For further information, contact: Regional Environmental Center for Caucasus Armenia, Tel: +37411575148 or e-mail to Armine Hayrapetyan, Project Administrator, E-mail: [armine.hayrapetyan@rec-caucasus.am](mailto:armine.hayrapetyan@rec-caucasus.am).
