National Validation Workshop in Azerbaijan

AGENDA

Date: Friday, 15 October 2021

Time: 15:00-17:00 AZT/13:00-15:00 CEST

Format: web-based video conference

Platform: Zoom

Simultaneous interpretation (English/Azerbaijani) will be provided. The meeting will take place in virtual format – all discussion and information documents will be circulated electronically.

Action implemented by:

IBRD • IDA | WORLD BANK GROUP

National Validation Workshop in Azerbaijan

Friday, 15 October 2021, 15:00-17:00 AZT/13:00-15:00 CEST (Geneva)

Background

The United Nations Environment Programme (UNEP) is one of five partner agencies implementing an EU-funded EU4Environment Programme (2019 – 2022). This regional programme supports the Eastern Partnership (EaP) countries (Armenia, Azerbaijan, Belarus, Georgia, the Republic of Moldova, and Ukraine) in making policy planning and investment greener, stimulating the uptake of innovative products and technologies, and raising awareness about benefits of environmental action. The application of strategic approaches to waste management can assist in addressing countries' overarching waste management challenges. To this end, within EU4Environment's component 2.4 on "The use of strategic approaches on waste management" UNEP supports countries in promoting development of comprehensive sustainable waste management policies and policy instruments. More specifically, under *Activity 2.4.2 Initiating/assisting the establishment of Extended Producers Responsibility (EPR) schemes*, UNEP provides technical assistance to partner countries in the establishment of EPR schemes for the packaging waste streams. This is achieved through the provision of advisory services and capacity development/trainings to policy makers, businesses and business associations, as well as Civil Society Organizations (CSOs) and other stakeholders.

To this end, UNEP, in collaboration with the implementing partners, is organizing the online National Validation Workshop in Azerbaijan.

Meeting objectives, expected outputs and outcomes

- Discuss and present the final findings of the Gap Analysis report for the draft packaging waste law in Azerbaijan following the review from all related parties;
- Discuss and present the findings of the Recommendations report and Roadmap to establish an EPR system for the packaging waste in Azerbaijan;
- Exchange knowledge on the current status of the Azerbaijani waste management system;
- Discuss next steps and the main recommendations from the consultants on the future set-up of EPR for packaging in Azerbaijan; and
- Discuss future support that Azerbaijan may require in establishing the EPR principle.

Participants

The meeting will gather around 30 participants, including relevant governmental institutions, local authorities, UNEP, academia, private sector and CSOs in Azerbaijan.

Practical Information

The meeting will take place virtually via the Zoom platform. All registered participants will receive connection details to access the platform. English-Azerbaijani simultaneous interpretation will be provided during the meeting.

About EU4Environment

The “European Union for Environment” (**EU4Environment**) programme aims to help the six partner countries: Armenia, Azerbaijan, Belarus, Georgia, Republic of Moldova and Ukraine preserve their natural capital and increase people's environmental well-being, by supporting environment-related action, demonstrating and unlocking opportunities for greener growth, and setting mechanisms to better manage environmental risks and impacts.

The Action is funded by the European Union and implemented by five Partner organisations: OECD, UNECE, UNEP, UNIDO and the World Bank based on a budget of some EUR 20 million. The Action implementation period is 2019-2022.

For further information contact: EU4Environment@oecd.org

Within the framework of the EU4Environment programme, UNEP provides technical assistance to partner countries in the establishment of EPR schemes for the packaging waste streams under *Activity 2.4.2 Initiating/assisting the establishment of Extended Producers Responsibility (EPR) schemes*. This task is carried out by UNEP with its implementing partner - Extended Producer Responsibility Alliance (EXPRA).

AGENDA

Time (AZT)	Item	Speaker	Subtopic/Content
15:00- 15:10	Opening of the workshop	Representative from UNEP	-Background of the workshop -Workshop objectives
15:10-15:30	Presentation of the final findings of the Gap Analysis report for the draft packaging waste law in Azerbaijan, following the review from all related parties	Mr. Christodoulos Manoli, Senior Consultant, PSC	-Summary of findings of the report
15:30-16:00	Presentation of the findings of the Recommendations report and Roadmap to establish an EPR system for the packaging waste in Azerbaijan	Mr. Kyriakos Parpounas, Managing Director, PSC	-Summary of findings of the report
16:00-16:20	Questions & Answers	Participants of the workshop	-Participants and implementing partners engage in a Q&A session regarding the presentations
16:20-17:00	Interactive discussion and dialogue	Participants of the workshop	-Discuss the presentations and findings of the Gap Analysis report and the Recommendations report and Roadmap to establish an EPR -Exchange of views and experiences from the project and what has been the value for the country - Discuss the short-term and long-term planning of the country in implementing the EPR principle -Discuss what support Azerbaijan might need in the future in implementing the EPR principle for packaging
END of workshop
