

The State Environmental Inspectorate of Ukraine:
the role of the body in recording and documenting ecocrimes on the territory
of Ukraine caused by armed aggression

The State Environmental inspection of Ukraine

- ➔ is the central executive body;
- ➔ coordinated by the Cabinet of Ministers of Ukraine through the Minister of Ecology and Natural Resources;
- ➔ implements state policy on state supervision (control) in the field of environmental protection, rational use, recovery and protection of natural resources.

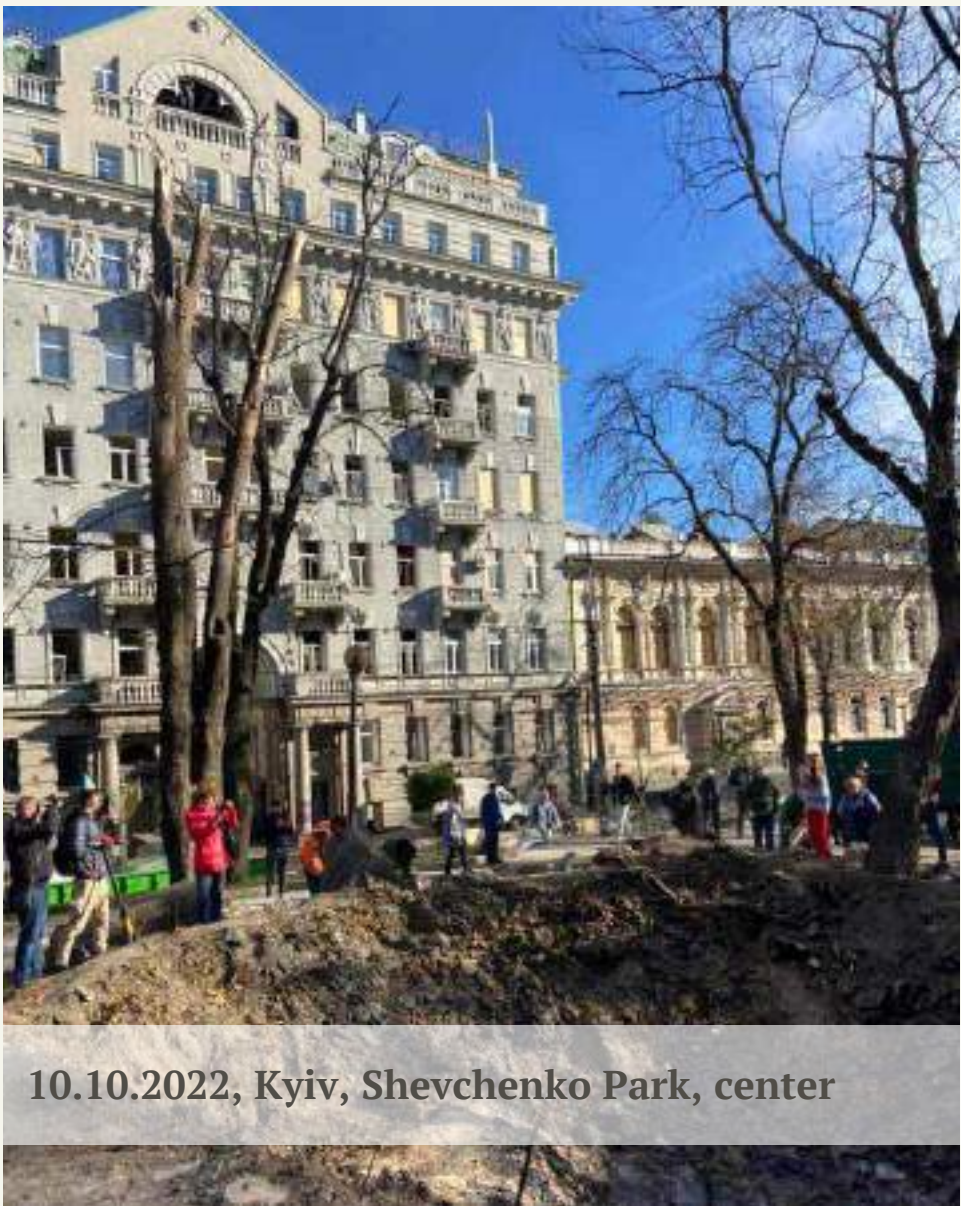

Since the start of a full-scale invasion on February 24, 2022, Ukraine and Ukrainians live in another world...

Our cities are destroyed, our fields are burned, our forests are riddled with bullets and burned with fire, our rivers are polluted by war.

On March 1, 2022, with the aim of creating a unified system of control over threats resulting from the armed aggression of the Russian Federation against Ukraine, Operational Headquarters of the State Inspectorate was established.

10.10.2022, Kyiv, Shevchenko Park, center

June 2022, stadium in Chernihiv, Chernihiv region
