Green Economy in Eastern Partner Countries

## JOIN THE MOVEMENT FOR CLEAN AIR

**Did you know that, in Moldova...**

Road transport is responsible for **98%** of all greenhouse gas emissions from transport<sup>1</sup>

Road transport is responsible for **96%** of ambient air pollution from transport<sup>2</sup>

- 66% increase of registered vehicles from 2007 to 2019 in Moldova<sup>3</sup>
- In 2017, about 40% of all vehicles failed to comply with any EU emission norm<sup>1</sup>
- Cars use 10 times more public space than public transport and 140 times more public space than pedestrians<sup>4</sup>

## Improve air quality, save money while boosting your health!

### USE PUBLIC TRANSPORT

- **Cost-effective**, despite the recent increase
- **Congestion relief**
- Reading and **relaxed time**

### WALK AROUND AND CYCLE

- Mental and physical **health**
- Increased **life expectancy**
- **Cost-effective**
- **Wellbeing** and quality of life

**National and local authorities** jointly with the **European Union (EU)**, through programmes like EU4Moldova, EU4Environment, and other institutions, join forces to ensure the **transition to sustainable mobility** in Moldova.

#### Measures taken around the country

Development of the Clean Public Transport programme  
Public Transport Sustainable Development Initiative in Chisinau (MOVE IT Like Lublin)  
New trolleybuses in Balti  
Establishment of dedicated bus lanes

Investment in bicycle lanes in Chisinau (objective 200 km by 2026), Ungheni or Cahul  
Rehabilitation of pedestrian crossing  
Bicycle Infrastructure Strategic Development Plan for Chisinau developed

**Do you want more pedestrian zones, cycling lanes and better public transport?**  
**ADVOCATE FOR IT!**
