Fossil fuel subsidies

- **OECD Fossil Fuel subsidies database:** update of fossil fuel subsidies for the EaP countries for 2020 and 2021 (*upcoming*)
- **Policy Highlights** “Fossil-fuel subsidies in the EU’s Eastern Partner countries. How governments supported fossil fuels in 2020” (Jan 2022), available [here](#)
- **Pilot SDG-related FFSs report in Armenia:**
 - With FFSs reform turned into an SDG (target 12.c and indicator 12.c.1), all governments are expected to report on progress in meeting the SDGs, including on FFSs phase-out, using a template, developed by UNEP. In the EaP region, **Armenia was selected to be a pilot country** for such reporting.
 - OECD supported Armenia to prepare its **first SDG-related FFSs report** which was shared with UNEP.
 - An **expert meeting** with Armenian government officials to discuss methodological issues and the completion of the Reporting Template was held in November 2021.

Activity 2.5.3

Support SEIS implementation and SDG monitoring in the EaP countries (UNECE / UBA)

- Support target countries in applying UNECE revised Guidelines for the Application of Environmental Indicators in support of:
 - comparable and harmonized data and indicators across the pan-European region
 - better informing recent global policies (such as 2030 Agenda, Paris Agreement and Sendai Framework for Disaster-risk Reduction)
 - improving data availability for regular pan-European assessments and reporting
- Support target countries in addressing gaps in implementing all pillars and principles of a Shared Environmental Information System (SEIS)

Environmental Data action areas

Activity 2.5.3

Support SEIS implementation and SDG monitoring in the EaP countries (UNECE / UBA)

- Upcoming activities and events:
 - Review of the environmental theme air in 2023, by using the SEIS assessment framework while employing the revised UNECE environmental Indicators.
 - **Planned regional training workshop on revised UNECE air indicators and FDES in early 2023 to support reporting on SEIS**
 - 25th session of the UNECE Working Group on Environmental Monitoring and Assessment on 2-3 May 2023

Implementing partners
