Future Prospects

- Increasing importance of RECP Clubs due to the increasing ESG demands from companies
- Increasing interest of companies in membership within RECP Clubs
- Need for increased number of RECP Clubs
- Additional financial support for the establishment of new RECP Clubs during the admission phase
- Enterprises as the leading engine of the transition to the green economy with the support of RECP Clubs
- Recognition of RECP Clubs in the increase of green energy and energy efficiency literacy of the Private Sector
